

## Rave Reviews for Star Wellness®

*“The City of Hurst has used Star Wellness® for all our employee blood and health screens over the past few years and has been satisfied with their service and assistance. We have had great responses from our employees that Star Wellness is very professional, easy and simple to use. Their events are well organized and coordinated. Our employees were also very excited about how painless and fast the blood draws were to do. I recommend Star Wellness as an excellent provider of services and a partner in improving our employee’s wellness.”*

**Esther White MS, RD, LD; Employee Wellness Coordinator, City of Hurst, Texas**

*“Words cannot adequately express my satisfaction with Star Wellness®. They have provided services at our corporate headquarters in Fort Worth and our operational locations in Odessa, Wyoming, Montana, and North Dakota. After a disastrous experience with our previous supplier I’m happy to say that Star Wellness has performed beyond our wildest expectations. Their planning, execution and follow-up is superb. I would highly recommend them to any organization who values wellness as a top priority.”*

**Connie Stafford, PHR; Wellness Coordinator, Encore Acquisition Company**

*“Having used many companies over the past 10 years, there is only one company that stands out above the rest...Star Wellness®. They are the company that we would highly recommend for their phlebotomy services and professionalism from the start to the end of an event.”*

**David Simon, Director of Wellness, Atherotech**

*“A 43 year old employee recently contacted me to thank IPL for offering the PSA test last year as part of our annual health screening events. He was quite surprised when he was notified of his elevated PSA since he had no symptoms. Because the cancer was detected early, it was removed, with no chemo or radiation required. He feels he could have had a much different outcome if the prostate cancer had not been detected as early as it was. We would like to thank Star Wellness® for making these tests available at a reasonable cost and, thereby, contributing to early detection of serious health conditions which ultimately results in improved quality of life and health care cost savings.”*

**Linda Bee, RN, BSN, COHN-S/CM; Sr. Occupational Health Nurse  
Indianapolis Power & Light Company**

*“Star Wellness® is by far the most professional and efficient group of individuals that we have had the privilege of joining us with our Health programs. I have no hesitation in recommending them to be a part of any Health Wellness program. Their dedication, passion, enthusiasm, and cheerfulness is a pleasure to work with. Based on our experience, any company should be very pleased to work with Star Wellness.”*

**Debbie Simmons, Wellness Coordinator, Williamson Printing Corporation**
